EXPERIENCE

2 years & 8 months

Netenrich, Inc.

1 Year & 7 M

Software Engineer

JavaScript, ReactJs, HTML, CSS, ANTD, Bootstrap

📅 Feb 2023 – Present

- Optimized application performance, achieving a 40% improvement in application speed.
- Led the UI migration from Frappe to React, enhancing scalability and user experience.
- Built complex, reusable React components like a YARA-L editor, toaster, custom multiselect etc.
- Collaborated with UX and cross-functional teams to deliver major features aligned with business goals.

ElasticRun

1 Year & 1 M

Associate Software Engineer

JavaScript, ReactJs, Redux, Tailwind CSS, Python, Frappe, SQL, REST APIs

📅 July 2022 – Jan 2023

- Led the migration of an enterprise application from Angular to React, improving performance by 25%.
- Refactored and optimized 20+ legacy components, reducing code complexity by 30%.
- Collaborated with cross-functional teams to ensure smooth integration and adherence to best practices.
- Implemented and delivered major key features from scratch like ePayLater Financier Integration, Customer KYC, Waive off on order etc. which are used by more than 1 lakh users.

Software Engineer Intern

JavaScript, React, Microsoft Bot Framework, SQL, Git

📅 Jan 2022 – June 2022

- Developed a robust and configurable menu based chatbot.
- Implemented key features like Transaction History, Customer KYC, Login with mobile number, Repayment of order through UPI and QR code etc.

PERSONAL PROJECTS

Job Portal Platform

html, css, javascript, reactjs, tailwind, shadcn ui

📅 Jan 2024

- Developed a job portal with React.js, Shadcn UI, and Tailwind CSS, featuring secure Google and custom email authentication.
- Implemented job posting and application tracking for recruiters and candidates, including resume uploads via cloud storage.
- Designed a fully responsive application with advanced search, filter options, and job wishlisting functionalities.

EDUCATION

Bachelor of Technology (IT)

Government College Of Engineering, Karad

📅 May 2022 CGPA : 8.49

HIGHER SECONDARY(HSC)

R.B. Attal Arts Science and Commerce College, Georai

📅 May 2018 Percentage : 72.92%

SECONDARY(SSC)

Z.P.H. School Umapur

📅 May 2016 Percentage : 89.20%

SKILLS

Front-End Technologies : HTML5

CSS3 JavaScript (ES6+) ReactJs
Redux Redux Toolkit Bootstrap
Tailwind CSS SCSS ANT Design
TypeScript

Databases : MySQL MariaDB

CS Fundamentals : Data Structures

Algorithms OOP DBMS

Other Tools : Git GitHub Gitlab

Frappe Postman Jira Linux

PROFILES

- GFG : sachin9922
- LeetCode : sachin9922
- HackerRank : sachin9922

ACHIEVEMENTS

- Awarded Employee of the Month twice for exceptional performance and contribution in project.
- Solved 600+ problems on different coding platforms
- 5 Star on HackerRank SQL [Click here](#)
- 3 Star on HackerRank C++ [Click here](#)
- SQL Basic HackeRank [Click here](#)
- Problem Solving Certificate [Click here](#)
